CYBERSECURITY RISK AWARENESS FOR OFFICIALS AND SENIOR MANAGEMENT

AWR-383

This is a non-technical course designed to develop awareness of cybersecurity risks so that elected officials, appointed officials, and other senior managers are better informed to properly protect the jurisdiction/organization during a cybersecurity incident. It is designed to help officials and senior management work more effectively with their Information Technology (IT) departments to mitigate cyber threats. The training is tailored to government, critical infrastructure, and private sector personnel who have the responsibility for directing and developing policy within their organization.

Upon successful completion of this course, participants shall have a better understanding of the cybersecurity risks that their jurisdiction/organization faces and how to work with their IT teams and other departments to mitigate those risks.
