

EOC OPERATIONS AND PLANNING FOR ALL-HAZARDS

MGT-346

Texas A&M Engineering Extension Service
National Emergency Response and Rescue Training Center

Hosted at Franklin County Emergency Management & Homeland Security

April 22 & 23, 2025

EOC OPERATIONS AND PLANNING FOR ALL-HAZARDS

MGT-346

This course focuses on the core functions, processes and best practices necessary to ensure effective and repeatable performance of an emergency operations center at any level. The core functions and processes are reviewed and demonstrated via facilitated discussion and classroom activities. The participants gain practical experience via a series of interrelated activities and exercises supported by a state-of-the-art computer simulation system and are coached by instructors who have extensive emergency operations and management experience.

Training Level:

Management and Planning

Course Length:

Two days (16 hours)

Class Size:

Maximum 40

Participant Audience:

Eligible participants include emergency management and response personnel who currently or potentially work in an EOC at the state, local, tribal or DoD installation level. Enrollment can be single participants, jurisdictions, or mixed. Disciplines include, but are not limited to:

- Law Enforcement
- Emergency Medical Services
- Emergency Management
- Fire Service
