

Ohio EMA Mission Statement:

To coordinate activities to mitigate, prepare for, respond to, and recover from disasters

OH-197 Planning for Access and Functional Needs in an Emergency

Course Description: This 2-day course provides participants with the information necessary to utilize access and functional needs-inclusive practices during Emergency Planning. Course objectives include:

- Define access and functional needs and disabilities and how they differ.
- Define key terms related to inclusive planning.
- Identify appropriate resources to assist in planning for, and with, adults and children with disabilities and others with access and functional needs

Recommended Participants: This course is designed for State, local, tribal and territorial emergency planning personnel, such as Emergency Managers, Fire Protection and Emergency Medical Services, Law Enforcement, Resource agencies including Transportation, Communications, Public Works, and Public Health; Non-Governmental Organization (NGO) and Volunteer Organizations Active in Disaster (VOAD), Disability groups/ organizations.

Enrollment: Students must enroll via the Department of Public Safety Training Campus website: <https://learning.dps.ohio.gov/PSTC/>. Course registration will generally close 10 working days prior to the course start date. You can check enrollment/approval status via the Department of Public Safety Training Campus website.
